

# Daughters of Penelope

## Project Recognize

The Daughters of Penelope is continuing Project Recognize. This project seeks to recognize women of Hellenic descent/Phil-Hellenes/DOP who served or currently serve in any branch, or in any capacity of the military. **Newly added** are women of Hellenic descent/Phil-Hellenes/DOP who have served in the Peace Corps.

Research your community, especially at any Greek related function. Have your chapter post bulletins requesting the names of past women veterans and/or Peace Corps veterans from your community. This is a major project that will eventually go into Archives.

Please then designate a member of your chapter to collect names, telephone numbers and email addresses of those interested in this project. Sister Marsha will then collect more detailed information. Send the names to Marsha Serdenis via email at [jserdenis@gmail.com](mailto:jserdenis@gmail.com) by **February 28, 2015**.
